LE SON OF THE LEAVES.

"How do the leaves grow
In spring, upon their stem?
The sap swells up with a drop for all,
And that is life to them.

What do the leaves do Through the long summer hours? They make a home for the singing birds A shelter for the flowers.

'How do the leaves fade Beneath the autumn blast?
Oh, fairer they grow before they die,
Their brightest is their last.

'How are we like leaves? O children, weak and small, God knows each leaf of the forest shade He knows you each and all.

Never a leaf falls Until its part is done. God gives us grace like sap and dew. Goldsboro, N. C! Some work to every one.

bid for the soldiers' vote. There is no concealing the fact that some of our leaders have endeavored to throw the Alliance into the third or people's party. And every Alliancemen knows this is a violation of the Alliance constitution which they have sworn to support. And there is no authority in the United States constitution for the government to purchase the railroads, and none to take them without paying for them, If then you neither regard the constitution of the United States nor of the Alliance, by what may we expect you to be governed? I regard the ownership of railroads as impracticable, and if insisted on it will prove a burden to the Allaince.

I consider myself pledged to work for a better state 'mentally, morally, socially and financially," and to do so with equity and justice; and I cannot under this pledge vote to take the property of any individual or class of citizens of the United States against their wishes, and at the same time involve the government in a debt of ten or twelve billions of dollars, a debt which I fear our children's children will never see paid.
